TERMINAL DISCLAIMER

Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Dear Sir:

Agracetus, Inc., a Delaware corporation of 100 University Green, Middleton, Wisconsin, is the assignee by assignment from the inventors of all of the interest in the above-identified patent application. On behalf of Agracetus, Inc., the corporate officer identified below is empowered to execute this disclaimer. The terminal part of any patent granted on the above-identified patent application is hereby disclaimed in any part which would extend beyond the expiration date of United States Patent No. 5,004,863, and Agracetus, Inc. hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period and that the legal title to said patent shall be the same as the legal title to United States Patent No. 5,004,863, this agreement to run with any patent granted on the above-identified patent application and to be binding upon the grantee, its successors and assigns.

Dated this 22nd day of October, 1991 at Middleton, Wisconsin.
